

HOW TO SPEAK TO LAW ENFORCEMENT:

- > Officer, my name is [give your real name].
- > Am I free to go?
- > If I am not free to go, please explain to me your probable cause for stopping me.
- > I politely refuse to give you any further information.
- > I do not consent to a search of me or my belongings, tent, vehicle, or camp.

Your **best defense against citation or arrest may be politeness.**

Nothing requires you to incriminate yourself, and an officer may cite you for revealing any illegal behavior.

If you wish to exercise your right to be silent, **say so out loud.**

WHEN CAN THE POLICE STOP AND SEARCH ME?

- 1 Police may briefly stop to ask for your identity without probable cause of a crime.
- 2 Police may not require you to answer additional questions, detain or search you without either consent or probable cause.
- 3 Probable cause means an officer must be able to point to specific facts indicating criminal activity.
- 4 An officer may ask your consent to search you or your belongings.
- 5 Your refusal to give consent does not constitute probable cause for a search.

This is **not** legal advice. This is information discussing the general state of the law. We urge you to consult a lawyer for legal advice about a particular legal question or issue you may have. If you believe you are coerced into giving consent for a search, or that you are searched without probable cause, you may wish to contact the ACLU of Nevada at www.aclunv.org.

WARNING:

Burn Hazard.

Hot content inside.

Contents may scorch your eyes. Do not use near fire, flames or sparks. May cause uncontrollable booty shaking.

This is just a guide. All contents and times are subject to change without notice and at the whim of the playa.

LIBRARIAN THANK YOU!

Three truly dedicated Burners need mad love, high fives and hoots and hollers!

Each of them is taking this year off from burning on playa, but in the true spirit of this community, each has dedicated ridiculous hours to you!

Thank you Terry Grossman, Time to Burn app developer, for creating magic.

Thank you Christopher "Xtopher" Ciley, Time to Burn app and RSL database developer but also unwavering tech support to me and the sound camps.

And thank you Matt Menke, graphic designer extraordinaire, for accepting the challenge to create and produce the print guide in rapid fire turn around time.

May the citizens of the city shake it just a little more each in all your honors.

You are all my family.

And to Michael, I love you with all my heart, and I can't wait to spend the rest of my days with you. I promise to always try and be the best thing that's ever happened to you. ♥♥♥
